MEMORANDUM FOR: Acting Director of Central  
Intelligence

This will be hand carried to Senator Saltonstall on the USS United States on Friday, 16 September, by Mr. Bradford Morse, member of the Saltonstall staff. I will suggest to Mr. Morse that he let the Senator read the letter and then bring it back. I have prepared a cable and sent it to the DD/P for concurrence and dispatch.

Mr. Morse will be leaving his Washington office at 1230 p.m., Thursday, 15 September, so the letter will have to reach him before that time (Mr. Pforzheimer will deliver it).
